## NOTICE OF PRIVACY PRACTICES

THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION.

# Central Florida Foot & Ankle Specialists, P.A.

### WHO WILL FOLLOW THIS NOTICE

This notice describes the information privacy practices followed by our employees, staff and other office personnel. The practices described in this notice will also be followed by health care providers you consult with by telephone (when your regular health care provider from our office is not available) who provide "call coverage" for your health care provider.

### YOUR HEALTH INFORMATION

This notice applies to the information and records we have about your health, health status, and the health care and services you receive at this office.

We are required by law to give you this notice. It will tell you about the ways in which we may use and disclose health information about you and describes your rights and our obligations regarding the use and disclosure of that information.

### HOW WE MAY USE AND DISCLOSE HEALTH INFORMATION ABOUT YOU

#### For Treatment

We may use health information about you to provide you with medical treatment or services. We may disclose health information about you to doctors, nurses, technicians, office staff or other personnel who are involved in taking care of you and your health.

For example, your doctor may be treating you for a heart condition and may need to know if you have other health problems that could complicate your treatment. The doctor may use your medical history to decide what treatment is best for you. The doctor may also tell another doctor about your condition so that doctor can help determine the most appropriate care for you.

Different personnel in our office may share information about you and disclose information to people who do not work in our office in order to coordinate your care, such as phoning in prescriptions to your pharmacy, scheduling lab work and ordering x rays. Family members and other health care providers may be part of your medical care outside this office and may require information about you that we have.

#### For Payment

We may use and disclose health information about you so that the treatment and services you receive at this office may be billed to and payment may be collected from you, an insurance company or a third party. For example, we may need to give your health plan information about a service you received here so your health plan will pay us or reimburse you for the service. We may also tell your health plan about a treatment you are going to receive to obtain prior approval, or to determine whether your plan will cover the treatment.

#### For Health Care Operations

We may use and disclose health information about you in order to run the office and make sure that you and our other patients receive quality care. For example, we may use your health information to evaluate the performance of our staff in caring for you. We may also use health information about all or many of our patients to help us decide what additional services we should offer, how we can become more efficient, or whether certain new treatments are effective.

#### Appointment Reminders

We may contact you as a reminder that you have an appointment for treatment or medical care at the office.

#### Non-Medical Communications

Our practice may use your PHI to contact you for non-medical reasons. For example, we may send you a birthday card, a holiday greeting or thank you for referrals via mail.

#### Treatment Alternatives

We may tell you about or recommend possible treatment options or alternatives that may be of interest to you.

#### Health Related Products and Services

We may tell you about health related products or services that may be of interest to you.

Please notify us if you do not wish to be contacted for appointment reminders, or if you do not wish to receive communications about treatment alternatives or health related products and services. If you advise us in writing (at the address listed at the top of this Notice) that you do not wish to receive such communications, we will not use or disclose your information for these purposes.

You may revoke your *Consent* at any time by giving us written notice. Your revocation will be effective when we receive it, but it will not apply to any uses and disclosures which occurred before that time.

If you do revoke your *Consent*, we will not be permitted to use or disclose information for purposes of treatment, payment or health care operations, and we may therefore choose to discontinue providing you with health care treatment and services.

### SPECIAL SITUATIONS

We may use or disclose health information about you without your permission for the following purposes, subject to all applicable legal requirements and limitations:

#### To Avert a Serious Threat to Health or Safety

We may use and disclose health information about you when necessary to prevent a serious threat to your health and safety or the health and safety of the public or another person.

#### Required By Law

We will disclose health information about you when required to do so by federal, state or local law.

#### Research

We may use and disclose health information about you for research projects that are subject to a special approval process. We will ask you for your permission if the researcher will have access to your name, address or other information that reveals who you are, or will be involved in your care at the office.

#### Organ and Tissue Donation

If you are an organ donor, we may release health information to organizations that handle organ procurement or organ, eye or tissue transplantation or to an organ donation bank, as necessary to facilitate such donation and transplantation.

#### Military, Veterans, National Security and Intelligence

If you are or were a member of the armed forces, or part of the national security or intelligence communities, we may be required by military command or other government authorities to release health information about you. We may also release information about foreign military personnel to the appropriate foreign military authority.

#### Workers' Compensation

We may release health information about you for workers' compensation or similar programs. These programs provide benefits for work related injuries or illness.

#### Public Health Risks

We may disclose health information about you for public health reasons in order to prevent or control disease, injury or disability; or report births, deaths, suspected abuse or neglect, nonaccidental physical injuries, reactions to medications or problems with products.

#### Health Oversight Activities

We may disclose health information to a health oversight agency for audits, investigations, inspections, or licensing purposes. These disclosures may be necessary for certain state and federal agencies to monitor the health care system, government programs, and compliance with civil rights laws.

#### Lawsuits and Disputes

If you are involved in a lawsuit or a dispute, we may disclose health information about you in response to a court or administrative order. Subject to all applicable legal requirements, we may also disclose health information about you in response to a subpoena.
